§ 909. INTEGRATED LICENSE

(a) An integrated license shall allow the licensee to engage in the activities of a cultivator, wholesaler, product manufacturer, retailer, and testing laboratory as provided in sections 904–908 of this title.

f 500

(b) An integrated license is only available to an applicant and its affiliates that hold a dispensary registration on April 1, 2022. There shall be no more than five total integrated licenses, one for each registered dispensary. Upon compliance with all application procedures and requirements, the Board shall issue an integrated license to the applicant. The licensee shall have the right to renew the license in accordance with rules adopted by the Board.

cannabis affected and the basis for the appeal.

§ 904a. SMALL CULTIVATORS

(a) It is the intent of the General Assembly to move as much of the illegal cannabis market as possible into the regulated market for the purposes of consumer protection and public safety. It is also the intent of the General Assembly to encourage participation in the regulated cannabis market by small, local farmers. In furtherance of these goals, the Board shall consider policies to promote small cultivators as defined in section 861 of this title.

(b) The application for small cultivator licenses shall be prioritized over larger cultivation licenses during the initial application period.

(c) In accordance with subdivision 881(a)(2)(B) of this chapter, the Board shall consider the different needs and risks of small cultivators when adopting rules and shall make an exception or accommodation to such rules for cultivators of this size where appropriate, provided that the rules shall not provide for an exception or accommodation to the requirements of section 869 of this title.
